This Technical specification is brought to you for free and open access by the Library Services at CrossWorks. It has been accepted for inclusion in CITE2 URN Subnamespace Registry by an authorized administrator of CrossWorks.

Registry of subnamespaces for the CITE2 URN namespace, version 1.0.0

Summary

This is **version 1.0.0** of the registry of CITE2 URN subnamespaces, listed alphabetically by subnamespace abbreviation. Release versions of this registry are maintained at <https://crossworks.holycross.edu/cite2-subnamespaces/>.

Version numbers follow the principle of semantic versioning. Major numbers are incremented when one or more records are deprecated; minor versions are incremented when new records are added; patch versions are incremented when associated information is modified without change to the mapping of subnamespace abbreviation to full URI.

A machine actionable version of this registry is available through the CITE Services API from <http://cite-architecture.org/cite2-sns/>.

Submit requests for additions to this subnamespace through <https://github.com/cite-architecture/cite2-sns-registry>.

For information about the CTS URN namespace, see <http://cite-architecture.org/cite2urn/>.

Registry

botcar

URI: <http://folio.furman.edu/ctsns/cite2/botcar>

Status: **current**

Summary description (one line) of the corpus identified by this subnamespace: Data collections of data related to the early scientific exploration of the Carolinas.

More information: <https://github.com/Eumaeus/fuCiteDX/blob/master/namespaces.md>

cite

URI: <https://cite-architecture.github.io/cite2urn>

Status: **current**

Namespace for uniquely identified concepts in the CITE Architecture

More information: <http://cite-architecture.github.io/cite2urn>

fufolio

URI: <http://folio.furman.edu/ctsns/cite2/fufolio>

Status: **current**

Summary description (one line) of the corpus identified by this subnamespace:
Data collections for research and teaching in the Department of Classics at
Furman University.

More information: <https://github.com/Eumaeus/fuCiteDX/blob/master/namespaces.md>

hmt

URI: <http://www.homermultitext.org/cite2ns/hmt>

Status: **current**

Namespace for CITE2 Collections in the Homer Multitext project

More information: <https://homermultitext.github.io/>

mid

URI: <http://hcmid.github.io/cite2ns>

Status: **current**

Namespace for CITE2 Collections in the Holy Cross Manuscripts, Inscriptions
and Documents Club
