COLLEGE OF THE HOLY CROSS,
WORCESTER, MASS.

THIS COLLEGE was founded in the year 1843 by the Rt. Rev. BENEDICT JOSEPH FENWICK, Bishop of Boston, and was given by him to the Fathers of the Society of Jesus. In 1865 it was incorporated by the Legislature of the State, with power and authority "to confer such degrees as are conferred by any College in this Commonwealth, except medical degrees."

It stands on the beautiful heights of Worcester, whence a charming view is enjoyed of the city and surrounding country. The location is remarkably healthy.

The object of the Institution is to prepare youth for a *Professional* or for a *Commercial* state of life.

COURSE OF STUDIES.

THE Course of Studies in this College embraces in its whole extent a period of seven years, of which three are given to the Preparatory and Junior classes, and the remainder to the Senior. The last of these years is devoted exclusively to the study of Rational Philosophy and Natural Sciences. Each scholar, however, on entering the College, will be assigned to that particular class for which it may appear, after an examination by the Prefect of Studies, that he is fitted. Thence he will pass by regular gradation through the remainder of the course.

No student is admitted who has not made some progress in studies, and who has not a good moral character. It will be required of each one to pursue *the regular course*, as experience has proved exemptions in this regard to be a source of great inconvenience.

The study of the French language is a part of the College Course. The other Modern languages may be taught if required; but, together with Music, Drawing, etc., will form additional charges.

The Academic Year commences on the first Monday of September, and ends in the first week of July.

The following Schedule embodies the course of studies pursued in this Institution:

PHILOSOPHY.

The Students of Philosophy attend three separate courses of lectures.

The course of Rational Philosophy includes Logic, Metaphysics, and Ethics. In these studies the text-books are Latin, and that language is commonly used in the daily lectures and disputations.

The course of Natural Philosophy includes Physics, Mechanics, and Astronomy.

The course of Chemistry embraces inorganic and organic Chemistry.

EXAMINATIONS AND REPORTS.

There are two Examinations in the year: the Minor or "Middle" examination at the end of the first term, about the last week in January, and the principal or *final* immediately before the close of the Scholastic year in July.

At the conclusion of the middle Examination, which comprises all the matter studied during the preceding half-year, the standing of each student is publicly announced. A report of this examination, together with the grade occupied by each one during the term, is sent to Parents and Guardians.

The Final Examination is held at the conclusion of the second term, and embraces all the matter of that term. Parents or Guardians, by means of printed reports, are informed of the position held by their sons or wards at this Examination and during the previous term.

At any time during the year, and particularly at the Minor Examination, if any one be found capable of passing to a higher class, he will be promoted, and such promotion is equivalent to the honors of his former class.

DEGREES.

The candidate for the Degree of Bachelor of Arts must undergo an examination in Rational and Natural Philosophy, Astronomy, and Chemistry, and must be well acquainted with Latin, Greek and Mathematics. He is also required to write a speech or essay on a literary, scientific, or moral subject, a copy of which must be left at the College. If he remain longer in College, and pursue the Higher Branches of Rational and Natural Philosophy, or, if he graduate in any learned profession, after completing the above course of College Studies, he may receive the Degree of Master of Arts.

AWARDS OF MERIT.

The Prizes at the Annual Distribution in July are awarded to those who, by their class exercises during the year and the excellence of their examinations, attain the highest number of good marks. As no allowance will be made for absentees, parents who allow their sons to remain at home beyond the period allotted for vacation or recess, cannot expect to see them hold distinguished places in their classes.

Besides the Annual Distribution of awards, the Faculty and students are assembled at the beginning of each month, when the "marks" and the standing of the students in their respective classes are publicly proclaimed, and testimonials awarded to the deserving.

SPECIAL REMARKS.

Testimonials as to good moral character and of honorable dismissal are required of applicants from other institutions. Careful attention is bestowed on the religious and moral training of the students who, even in the hours of recreation, are under the care of the officers of the College.

Every student is required to attend regularly to his religious duties.

Books, papers, periodicals, etc., are not allowed circulation in the College without having been previously revised by one of the Faculty.

The use of tobacco is prohibited to the students, and no one will be admitted who is unwilling to abide by the prohibition.

For faults of ordinary occurrence, failure in recitations, or minor instances of misconduct, a task is sometimes imposed, as for instance, lines from some classical author, to be committed to memory or written after class hours. But flagrant offences, such as are detrimental to the reputation of the College, or are obstructive of the good of the pupils, are grounds for expulsion.

Whilst the moral and intellectual culture of the youth committed to our care is attended to with all assiduity, their physical development is by no means neglected. A ball-alley and gymnasium occupy a portion of the ordinary playgrounds; and every opportunity is afforded for innocent and healthy exercise.

TERMS.

Board and Tuition, per annum,	\$250 00
Washing and mending linen,	20 00
Physician's Fee (Medicines are charged to individuals), per annum,	5 00
Use of Philosophical Instruments,	10 00
Graduation Fee,	10 00

EXTRA CHARGES.

Modern Languages at the Professor's charges.

Music, at the Professor's rates.

For Students remaining at the College during the Summer Vacation, . . . \$50 00

All the charges must be paid *half-yearly in advance*. Should any defer paying them for the space of *one month* from the commencement of the term, the President of the College is *directed to remove* their sons or wards from the Institution. Should any pupil be removed by his parents or guardians, or *should he in any manner withdraw himself from the College without the consent of the President*, before the term expires, no deduction will be made.

No expenditure for clothing, nor advances for pocket money, will be made by the Institution, unless an equivalent sum be deposited with the President, or with the Treasurer of the College. The Books and Stationery necessary for the different classes, may be procured at the College.

Each student must be supplied with, at least, two suits for daily wear, and one for Sundays; six shirts, six pairs of stockings, six pocket-handkerchiefs, six towels, two or three cravats, etc.; two or three pairs of boots or shoes, and an overcoat or cloak. Each student must be provided with a silver table-spoon, marked with his name.
