EX-OFFICIO MEMBERS
When you think about it, the family photographer falls somewhere in the family doctor-lawyer classification. The photographer, like the doctor and lawyer, is called upon when major events in your life occur.

With a fine studio portrait you can relive in later years the happiness of the engagement, the wedding, the arrival of children. A photograph is part of forever, and our studio takes this responsibility seriously.

*We are proud to be the photographer chosen to photograph your graduating class. We hope that this is the beginning of a lifelong relationship.*
